

ANNOUNCEMENT

REC Mainpuri, 27 June, 2020

IIRS/ISRO Outreach Programme focuses on strengthening the Academia and User Segments in Space Technology & Its Applications using Online Learning Platforms. Under this programme the two mode of content delivery system is developed using online learning platform (i.e) Live & Interactive mode (known as EDUSAT) and e-Learning mode.

Our college, Rajkiya Engineering college Mainpuri, is now officially an outreach center for the same. The same we joined, we are seeing many students are enrolling for free and willingly showing interest in learning through this opportunity. Target learners can be anyone from Students, Technical Staff, Faculty, researcher.
