Subject: Request to Add Social Club in Student Section on College Website

Respected Sir/Madam,

I would like to bring to your kind notice that the Social Club is currently not available as a separate option on the college website (recmainpuri.in) under the Student Corner section.

The Social Club regularly conducts social awareness, community outreach, and student welfare activities. However, due to the absence of a dedicated section on the website, official information related to the club is not easily accessible to students.

I kindly request you to add a "Social Club" section under Student Corner and include the following details within that section:

Official Social Club Email ID: socialclub@recmainpuri.in

This will help in transparent communication, proper documentation of activities, and effective coordination among students and the institution.

I request your kind consideration and necessary action in this regard.

Thanking you.

Yours sincerely,  
Shashwat Shukla  
Club Secretary

*To H/c website  
Plz add social club on the website under  
student corner and inform members*
